My Story

Imagine a world where user interfaces are not just functional, but a delightful experience. Now, imagine having a <u>front-end developer</u> on your team who can craft these experiences with precision and creativity. That's me. With 4 years of experience in building responsive and user-friendly web applications using React.js, I bring a blend of technical expertise and a keen eye for design to every project.

My journey in web development has also given me exposure to <u>backend</u> and <u>mobile development</u>, enabling seamless collaboration with my teammates. Currently, I am expanding my skill set by learning <u>Python</u> and diving into the fascinating world of <u>machine learning</u>.

I don't just build interfaces; I create engaging user experiences that drive user satisfaction and business growth. Beyond my technical skills, I excel in effective communication, consistently deliver results, and foster strong relationships within my team.

Career Highlights

May 2021 - PRESENT
Kahkeshan Group of Companies *Iran, Tehran*
Front-end Developer

- Making over 15 web applications based on business and consumer use.
- Collaborating with a team of over 10 talented individuals.
- Acted as a code reviewer for 10 projects over 2 years, ensuring code quality and adherence to best practices.

Projects:

- Dana Data Security Suite (DDSS)
- <u>Defacement</u>
- <u>Kahkeshan Group</u>
- KN-SMS-forwarder
- Over 20 landing pages
- Dana-ERP
- <u>Dana-intel</u>
- <u>Sanjify</u>
- <u>Danawan</u>

2020-2021
Freelancer

- Creating over 15 successful responsive websites that are fast, easy to use, and built with best practices

Projects:

- <u>InspectionService</u>
- <u>GRE & IELTS Exam</u>
- Real-time Massanger
- <u>Playkon</u>
- <u>Nama Pardaz Company</u>
- <u>PNUChapterSelection</u>
- NeoGame Telegram bot
- Stock exchange robot
- iliateb

Skill Set
What I Bring to the Table

- **Front-End:** React, Nextjs, Typescript, Javascript(ES6+), HTML, CSS, SASS

Styling: TailwindCss, Chakra-ui, Bootstrap
State-cache management: react-query, zustand, redux with RTK & thunk
Form Handling: react-hook-form

- **Tools & platforms:** Jira, Git commands, Github, Gitlab

- **Testing:** Jest

- **Methodologies:** Agile, Scrum

- **Back-End familarities:** Nodejs, Express, MVC Architecture, JWT authorization

DataBases: MongoDB, MYSQL

- **Mobile dev familarities:** React-native, Expo, Cli, @rneui, react-native-paper

- **Realtime techs:** Socket.io, SignalR

Education

2021 - 2023
PAYAME NOOR UNIVERSITY

- Master of Software Engineering

2017 - 2020
BORUJERD UNIVERSITY

- Bachelor of Computer Engineering

My new path and goals

Career Objective:
As a dedicated machine learning enthusiast, I am committed to advancing my expertise in artificial intelligence (AI) to contribute to innovative solutions that address real-world challenges.
With a solid foundation in Python, I aim to leverage my skills to develop intelligent systems that enhance decision-making and improve lives.

At the present I'm Learning Machine learning concepts, like:
- **Libraries**: numpy, pandas, matplotlib
- **Tools**: Jupyter notebook
- **Classical ML concepts:**
  - Regression
  - Classification
  - Clustering
- **Deep Learning and neural networks:**
  - MLP

Why I've chosen AI?
In my point of view, Artificial intelligence is transforming the world, with its applications spanning various sectors such as healthcare, finance, transportation, and smart cities.
By embracing AI, I aim to be part of this global transformation, contributing to advancements that can lead to a more efficient and equitable future.

What I'm working on?
For now, I'm working on simple and basic projects such as:
breast-cancer classification, House Price Prediction, Mall Customer Segmentation, ...

Achievements

2022
React & FrontEnd Developer
Meta | Social Metaverse Company

2022
Javascript Algorithms & Responsive Design
FreeCodeCamp

2018
React js
Tehran, Sharif university of technology

2018
Front-end Developer
University of Tehran

Languages

- Persian (Native)
- English (B1)

In my free times

- Playing games
- Outdoor activities
- Learning piano
- Learning English
