PROFESSIONAL SUMMARY

I am a Senior Frontend Engineer with **5+ years** of experience who specializes in building scalable, high-performance systems with Next.js and a full-stack mindset. I go beyond just writing code to architect robust, maintainable infrastructure that bridges the gap between front-end and back-end, ensuring your product is stable and ready to grow.

PROFESSIONAL EXPERIENCE

FULL-STACK DEVELOPER

SAMA PARTNERS | Toronto, Canada - Remote

May 2026 – Present

- Architect internal dashboards and admin panels with Next.js and Facilitate RESTful APIs and backend services, reducing API-related errors by 20%.
- Optimize front-end performance for data-intensive modules, reducing render time by 30% and improving SEO.

FULL-STACK DEVELOPER

BEHRANG MUSIC ACADEMY | Remote

April 2026 – Present

- Constructed a scalable online learning platform supporting 100+ courses and 100 monthly active learners.
- Spearheaded a custom management tool for educators, reducing administrative and management overhead by 90%.

FRONT-END TEAM LEAD

KAHKESHAN GROUP OF COMPANIES | Tehran, Iran

May 2021 – May 2026

- Directed a front-end team and served as primary front-end code reviewer, enforcing code quality and standards overseeing 15+ web applications.
- Accelerated development efficiency by 25% through optimized workflows and unified UI architecture.
- Migrate to Next.js and TypeScript, improving Core Web Vitals by 40% and reducing build times by 25%.

SENIOR FRONT-END DEVELOPER

SALONA | Markazi, Iran - Remote

November 2024 – July 2025

- Pioneered a salon management platform from scratch supporting 1,000 active users.
- Launch a PWA/TWA version, increasing mobile engagement by 70%.

FRONT-END DEVELOPER

BORZABADI LANGUAGE CENTER | Tehran, Iran

September 2023 – March 2024

- Devised a GRE/IELTS exam platform replicating official test flows supporting 200 concurrent users and fabricated UI components for verbal and quantitative sections across 8+ question types.
